

Year 2013 Hall of Fame Inductee

Bowling Performance

History

At age 32 Perry started bowling through an invitation by fellow Ford workers to bowl in the Paint League at Rebmans. Before starting league bowling, he purchased his first ball from JCPenney. He soon learned from more experienced team mates that a ball should be measured and purchased from a pro shop. The next year his bowling average took off. Perry has now bowled in the LBA for 25 years.

LBA Bowling Achievements

212 - Lifetime average
