

Year 2007 Hall of Fame Inductee

Bowling Performance

History

A water skiing accident left Chris with only half a thumb on his bowling hand. Chris had three choices: Quit bowling, switch to bowling with his left hand, or learn to bowl using only his fingers. It proved to be a great choice to stay right handed using only his fingers as some of the pros are now using this technique. Chris was ahead of the times. After starting slowly, Chris was averaging better than 200 by his 5th season. He has averaged over 200 for 11 of his 17 years. Chris became a LBA board member in 1994 and moved through the various offices. He served as the LBA President in 2002 and Secretary/Treasurer from 2003 to 2005.

LBA Bowling Achievements

203 - Lifetime average
228 - Lifetime season high league average in 2005-06
839 - Lifetime high series 11/2/06
