DELEQUATE POLICEMEN - 1955-56 SEASON

The following names are those of bowlers who have not paid their Sanction Fee for the 1955-56 season. These men cannot bowl in organized league play in the Lorain Bowling Association until they have paid last years Fee. Any teams using these men will forfeit all games won and be subject to suspension for bowling with a non-sanctioned bowler.

To All League Secretaries and Bowlers
of the Lorain Bowling Association:

This average book lists the names of 3098 bowlers, who bowled 21 games or more in the winter leagues for the season of 1955-56. A total of 4161 cards were checked. These bowlers represent 72 leagues, and 670 teams. This is an increase of 10 leagues and 75 teams over last season. In addition there are 5 summer leagues, who have 66 teams sanctioned, making a grand total of 77 leagues and 736 teams in the Association. The averages of summer league bowlers will be posted in all bowling establishments as soon as they are available.

Following:

Summer league average recommendation adopted Jan. 3, 1956 by the Board of Directors of the L.B.A.:

Summer league averages shall be honored if bowled in sanctioned leagues. Averages of 21 or more games shall be recorded with the Association Secretary and posted in the average book, or if too late, then at all alleys, of the following bowlers:

- (a) New bowlers with no previous record in the current average book.
- (b) Bowlers with averages that are higher than their average established in a regular sanctioned winter league.

It shall be optional, with all leagues to accept or reject summer league averages. If league fails to make rules on summer averages, then they must accept the averages as presented.

Note:

Summer league averages, whether used in league play or not, must be used when a bowler enters a Tournament, if average of the bowler is higher than the one listed in the year book.

On the second page of this book is a list of bowlers who did not pay their sanction fee. These bowlers cannot bowl in organized league play until they have paid their fee for the 1955-56 season or prove they are sanctioned.

On the last average page of this book are listed the names and averages of a few bowlers who were omitted from the regular list.

The honor of rolling the highest three game total for the season goes to Pete Kallas, who had a 778 series in the Saxon C.I.O. League. He finished the season with a 201 average.

High single game honor goes to Robert Frey, who bowled a 298 game in the Fruehauf League at Avon Lake Recreation. He missed a perfect game by his last ball crossing over to the "Brooklyn" side, leaving the 5 and 9 pins standing.

Al Horkey has the highest individual average, a 204 for 69 games. He was closely followed by Larry Tuma, who finished with a 203 average for 87 games. Rudy Dusa finished with a 201 average for 30 games.

I wish to take this opportunity to thank all League Secretaries, and Executive Members of the Lorain Bowling Association for their fine cooperation this past season. Good luck and good bowling to all bowlers for the coming season of 1956-57.

Respectfully Yours,

Ivan (Bud) Colburn
Secretary

HIGHEST THREE GAME TOTAL AND HIGHEST SINGLE GAME ROLLED
IN THE VARIOUS LEAGUES IN THE LORAIN BOWLING ASSOCIATION.
