Dear Bowler:

In the past I have been addressing this letter to your secretary, evidently you have not seen it although a copy is available at every bowling establishment in the prior year's average book. Each year I recount my problems with your league officers, but you don't seem to care. Evidently you like being taken for a ride.

Every year I print an instruction sheet which is given to the secretary of every league. What a waste of time! 75% of them don't read it or ignore it completely. The secretaries of these leagues are guilty of not sanctioning the leagues within the allowable ABC limits. If any one hits an award score after the specified limit, the bowler must file an appeal with the ABC to have it approved, and they won't approve the score until they receive a 2 page questionnaire from me. I have had to complete such a report 4 times in the last three years. I do this just so that you can get your award. I must be some kind of a fool, because if you don't care how your secretary operates, why should I?

Do the preceding two paragraphs sound familiar? They should because there has been no improvement in the performance of some of the same secretaries that have been previously giving me a problem. Three secretaries failed to report final averages, but I was able to get the last standing sheet still posted at the bowling lanes; because I care those averages are in this book. One secretary who did not complete her job, turned over the records to the newly elected secretary who prepared the final sheet, only because I called the president of the league and told him that the league's averages would not be in the book unless he got them to me in some way. A check with some of the league presidents disclosed that the secretaries are still being paid before they complete their responsibilities. Please bowlers wake up!

There were 140 winter and 24 summer leagues in our association this past year comprised of approximately 8,000 bowlers. There were 5,195 regular sanctions, 159 senior sanctions, 234 out-of-association sanctions, and about 2,400 bowlers who participated in more than one league.

There were 16 300 games, 5 299 games, 1 298 game and 1 800 series recommended for approval to the ABC. 3 300 games and 1 299 game were recommended for rejection, all for non-complying lane dressing distribution.

Because of a president's failure to audit the league's bowling fund monthly, that league lost 50% of the reported money shortage. The total loss to the league was about \$333.00 of the approximate \$666.00 shortage. The president and treasurer of this league were both suspended.

As of this writing, June 20, 1983, one league - South Amherst Teachers did not turn in their final average sheet.

At the back of the book are listed averages for 24 bowlers for whom I have not received sanction application cards. Last year I was told "Why didn't you call me, I would have brought the sanction fees to you?" I receive about 300 averages per year for whom I have not received a card. By the time I sort and resort 8,000 cards matching like names, I'm right behind my wife who is cutting the mimeograph stencils. I don't have time to stop and call the secretary and/or bowler. I have harped on this problem for 15 years - nobody seems to care, then why should I?

John J. Doslak, Secretary

To the bowlers, officers and advisors of the
Lorain Bowling Association:

Gentlemen:

During the 1982-83 season I served as president of the Lorain Bowling Association. It was indeed a great pleasure to serve as the top officer in this organization. To be a successful president one needs all the help he can get. This year as always, the help provided by my committees, by the other officers and especially by our secretary and his wife - John J. and Margaret M. Doslak, were very much in evidence in all of our programs.

I had the privilege to attend the ABC convention held in Niagara Falls, N. Y. This was a first for me, and I was able to see how some of the activities of the ABC are performed.

As usual the City Tournament, 700 Tournament and the annual Banquet were very much a success. This success goes to the men in charge and their aides. Again I want to express my thanks to all the men in the association for all their help during my term as president.

To the new president, Richard Marcucci, I wish all the success for the coming year, and I can assure him that I will be there to help in any way I can.

Good Luck and Good Bowling to all in the coming year.

Donald Schuster,
President 1982-1983

Listed below are the names of unsanctioned bowlers reported by the secretaries on their final average sheet. I make this assumption based on the fact that I had not received an application card from any league for any bowler listed below.

These unsanctioned bowlers are illegal bowlers and every time that they bowled without sanction, their teams should have forfeited all wins -- too late now! Maybe some of these bowlers were on championship teams-----

How a secretary can make a weekly posting sheet for a bowler and still not have a sanction application card made out is a mystery to me/ There should be one sanction application card for every person in the league, and the posting sheet should be noted as - Pd. \$4.00 and date; Pd. \$2.00 and date; Pd. Other and date. There is a line provided for this data on the posting sheet.

I will not verify any average for any bowler herein listed unless he pays \$4.00 for last year's fees, before he enters a tournament.

The following league is not in this book, because the secretary failed to turn in the final average sheet.
