This is the 1953-1954 edition of the Official Average Book of the bowlers in the Lorain Bowling Association, affiliated with the American Bowling Congress.

Listed herein are the names leagues and averages of 2651 bowlers who bowl under the sanction of the American Bowling Congress and its affiliate, the Lorain Bowling Association. It will be noticed that some of the bowlers listed have less than the required 21 games to have an official average. Because the majority of them are sanctioned bowlers, they have been included in this year's average book.

Several changes have been made in the average book, the first being the double asterisk (**) that has been placed before some of the bowlers names. This is the result of a motion made and passed at the December 17th, 1953 meeting of the Board of Directors of the Lorain Bowling Association that identifies those bowlers who, according to the records of the Secretary, do not indicate the payment of the required sanction fee. Because of the action taken at the Board of Directors meeting these bowlers are placed under temporary suspension, until such time that the back sanction fee is paid, or proof of the pervious payment is made.

Another regulation affecting the average book was passed at a special meeting of the Executive Committee held on June 4th, 1954. It is now mandatory for the Secretary to publish an average book at the close of each bowling season and have it ready for distribution not later than July 31st, prior to the start of the new bowling season. Because of the length of time necessary to actually publish this volumn and the June 15th deadline did not give the secretary the required time, Mr. Harry Pember made the following motion "the Secretary of the Lorain Bowling Association shall inform all league secretaries that they must present their average cards to the LBA Secretary within two (2) weeks after the close of their regular bowling season or be subject to face disciplinary action by the Lorain Bowling Association." This motion was seconded by Mr. Jack Nedelman and was passed unanimously.

The 2651 bowlers listed in this book, some of who bowled in more than one league were instrumental in forming 63 leagues with a total of 560 teams. This represents an increase of 8 leagues and 37 teams over the past season. Bowlers, Leagues and Teams have reached a new high in the Lorain Bowling Association and it is expected that with the addition of the new 24-lane establishment being erected on Oberlin Avenue by Rebman Recreation, Inc., that all three of the above categories will be surpassed this season.

Does 102 still buy the drinks? If so, then John F. Watter-son of the BFG Experimental League owes his league a drink as that is his official average for last season.

Three members of the Lorain Bowling Association joined the 200 club for the past season. Bill Kuttler was the top man in the Association with a 201 average compiled in the Avon Lake A League. Second and Third honors went to Richard Osgood whose final average in the Saxon Club Individual Classis League was 200 and to Larry Tuma who compiled a 200 average in the Avon Lake

A League. Completing our list of the top ten in the LBA are the following

4th	John Perritt	Saxon A	199
5th	George Ksenich	Avon Lake A	197
6th	Tony Pompei	Avon Lake A	197

8th	Alex Black	Avon Lake A	195
9th	Mike Amato	Avon Lake A	195

Listed herewith are some of the highest 3-game total and the highest single game rolled during the 1953-54 season. Due to the fact that all the league secretaries do not report their highest scores, this list is, of course, incomplete.
