Note: All league secretaries receive a printed final average request form to complete at the end of the season that is mandatory per USBC. Also on the form there is a request asking for the name(s) of the person(s) who bowled the highest game and series in the league so they can be recognized as above. They can also attach a copy of the final standing sheet so I can get the information that way. As you can see above, there were some who did not and at this time I would like to thank those who did submit the information requested. The request also included all 299 & 300 games and also all 700, 800 series to be in this book.
