Dear League Officers, Proprietors and/or Managers:

My message this year is different - it is highly critical of those who are responsible for the league's records. I have been very patient, but enough is enough.

In March of each season a notice is sent to every secretary advising them that their final average sheets are due no later than 2 weeks after the close of their season. Less than 50% complied. On May 31 there were still 28 leagues who had not reported, and 2 of these leagues finished their season in March. These 28 secretaries were either called or notified by letter to turn in their final average sheets by June 5. As of that date 7 secretaries still had not complied. I can't do justice to my job, if you fail to report the data to me. See last page of this book for leagues not turned in, and for bowlers who were not sanctioned.

Winter leagues have a 6 week grace period and summer leagues have a 3 week grace period for sanctioning. At least 25% of all secretaries missed these deadlines. Because of this, one honor score was rejected and another also rejected but on appeal was later awarded. When a bowler makes an appeal, I must complete a 2 page questionnaire for the ABC, on various items that deal with the secretary's past and current performance - it is not an easy chore.

Rule 102e states that the association must receive a sanction application card for every bowler in every league, whether or not he pays his sanction fee. Those who do not pay in a specific league must indicate the league in which payment was made. I found over 300 names on your average sheets, for which I had no sanction card - I had to make them out, otherwise they would not get in the average book. (I'm not paid to do your job.) And please, make sure that the printed name is legible - you post these names to your posting records, why can't you see to it that any one could read the card. If you sat at my desk, and not knowing the bowler personally, you would have the same trouble in deciphering those characters that I do.

Please read ABC Rule 102e, and see how severely you can be penalized for non feausance of office. Too, you are not allowed to take your salary unless you have completed all duties required of your office. This is the end, next year I'm going to press for suspension.

To the Lanes Managers---ABC does not permit me to give you bowling league supplies of any kind. I make one exception and that is to give you a small supply of sanction application cards which are to be used for new bowlers in already sanctioned leagues. All other supplies will be issued to the leagues when they apply for them at the association office.

Miscellaneous---Winter & summer leagues---187; Teams--2100; Bowlers--9,677 of which 6,000 were original sanctions. High season average--Jim Ragnoni-220; 7--300 games, 6--299 games, 3--298 games, 241--700 series. 1-299 game rejected by ABC because preliminary tests indicated non conforming oil application. 1-290 game rejected by ABC---Secretary was late in applying for sanction.

My thanks to all who provide me with data on time. It makes a difficult job bearable and rewarding.

John J. Doslak, Secretary

To: Members of the Lorain Bowling Association

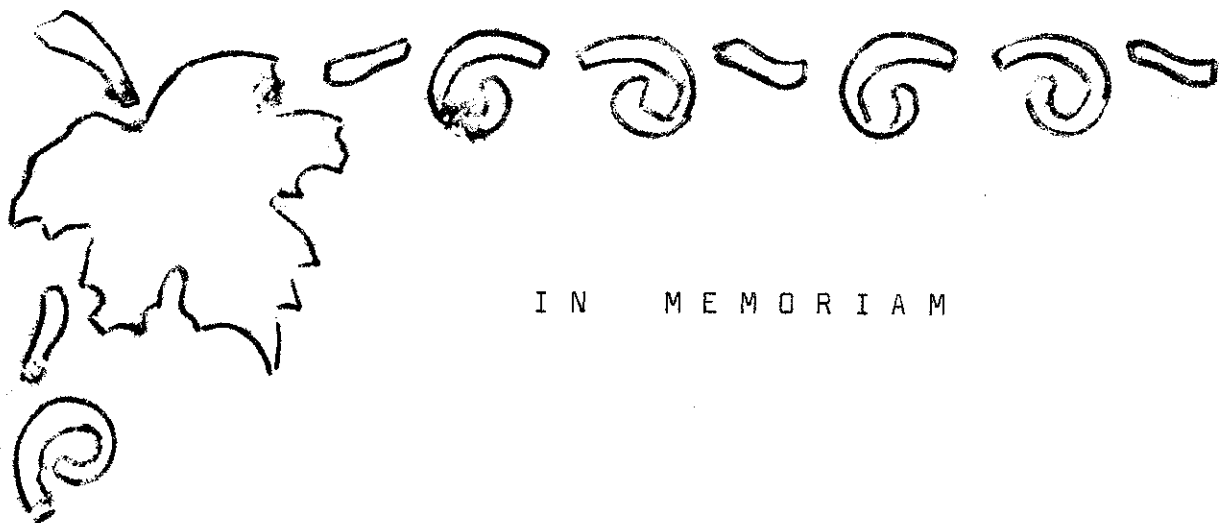

I wish to express my thanks to the members of the Lorain Bowling Association for giving me the honor and privilege to serve as your president this past year.

It has been a tremendous experience for me to see the fine cooperation of the bowlers of the Lorain Bowling Association this past year.

My appreciation goes to the officers and advisory board of the L. B. A. for their help and advice in making this past year a success. I have never seen a more dedicated group of people than the officers, advisory board, and past presidents of the L. B. A. Their attendance at meetings was better than 90% for which I thank them. I doubt that you would find this high percentage of attendance in any other organization.

Congratulations to Bob Enzor, our incoming President, and all the other newly elected officers. I hope you have a successful year. I am looking forward to helping you in any way I can. Thanks again, and God Bless All of You.

Listed below are the names of unsanctioned bowlers reported by the secretaries on their final average sheet. I make this assumption based on the fact that I had not received an application card from any league for any bowler listed below except in one case, and on investigation we found that this bowler did not bowl in the league he was supposed to be sanctioned in.

These unsanctioned bowlers are illegal bowlers and every time that they bowled without sanction, their teams should have forfeited all wins -- too late now! Maybe some of these bowlers were on championship teams ----

How a secretary can make a weekly posting sheet for a bowler and still not have a sanction application card made out is a mystery to me. There should be one sanction application card for every person in the league, and the posting sheet should be noted as - Pd. \$3.00 & Date, Pd. \$1.50 & Date, Pd. Other & Date. There is a line provided for this data on the posting sheet.

I will not verify any average for any bowler herein listed unless he pays \$3.00 for last year's fees before he enters a tournament.

The following leagues are not in this book because the secretary failed to turn in the final average sheet within the prescribed time, or failed to turn it in at all.
